

Overcome manual processes with one comprehensive, tailored solution designed to digitise your holiday home dealership

Streamline processes across your business with EliteDealers. Built on the Microsoft Power Platform, EliteDealers was designed for holiday home, lodge, park home and touring/motorhome dealers.

Gain full control over your business from the lead stage all the way through to invoice and aftersales management. With the customer portal, your customers can submit aftersales tickets 24/7 with a 360-degree view on their progression.

Manage all aspects of your dealership from one easy-to-use fully integrated solution built on the latest Microsoft Dynamics 365 technology

EliteDealers is a fully scalable solution covering quoting, sales, invoicing, customer service, aftersales and reporting & analysis. Spend less time on manual tasks and more time focusing on your customers as custom-built automations remove the risk of human error. Using the CRM platform, you can create customer journeys that send tailored sales messages and offers to your customers in their preferred method of communication.
